

MARK YOUR CALENDARS 23-26 MAY 2010!

If you work with acquisition, development, operation and maintenance of complex systems, you should mark **23rd to 26th May 2010** in your calendar for the 7th [European Conference on Systems Engineering \(EuSEC\)](#) to take place in **Stockholm, Sweden**.

The theme for the conference is “**Systems Engineering and Innovation**” and addresses both practitioners and academia. The conference will provide a great mix of quality papers sessions, panels, tutorials and full-day industrial and academic tracks.

EuSEC 2010 will be held on the beautiful joint campus of the [Royal Institute of Technology and the Swedish National Defense College](#) in downtown Stockholm. Also, there will be lots of excellent opportunities to combine business with pleasure! Why not enjoying your Pentecost holidays in beautiful Stockholm, followed by attending EuSEC and its exciting program?

Please do not hesitate to contact us for further details!

We warmly welcome you, your colleagues and everyone you bring along, to a thrilling event in the beautiful Nordic spring in Stockholm!

YOUR CONTRIBUTIONS ARE WELCOME NOW! DUE: DECEMBER 7th!

If you, or your organization, want to contribute to make EuSEC 2010 an exciting, informative and rewarding event, please consider the following options for your contribution under the conference theme “**Systems Engineering and Innovation**”:

- [Papers](#): Paper contributions with up to 15 pages, to be presented at the conference and included in the proceedings. **Please observe the submission date for your draft paper on December 7th, 2009!**
- [Panels and Tutorials](#): Suggestions for topics for panel discussions or tutorials (short courses). **Please observe the submission date for your panel or tutorial proposal on December 7th, 2009!**
- [Sponsoring](#): Please review our attractive packages for presenting your organization to the conference delegates, a broad range of participants from industry, government and academia.
