

The Systems Engineering Event of the Year will take Place May 23-26 in Stockholm! Register now to receive the Early Bird Discount!

If you work with acquisition, development, operation and maintenance of complex systems, we invite you to mark your calendar on **May 23-26** for attending the **European Systems Engineering Conference (EuSEC)** in beautiful Stockholm!

Please register until **March 31** at <http://www.incose.se/eusec2010/registration.htm> in order to receive the early bird discount!

At EuSEC 2010, you can expect a wide variety of high-quality contributions in an attractive [technical program](#), all under the conference theme "**Systems Engineering and Innovation**", including:

- 28 high-quality [technical papers](#) in two parallel tracks and 10 different focus areas;
- 4 attractive and educational [tutorials](#) given by experienced practitioners;
- 3 [panel](#) sessions;
- a high-quality international [academic forum](#) in three different sessions; and
- a interactive [doctoral workshop](#)
- and invited key note speakers

Also, EuSEC 2010 will dedicate a full-day track on an industrial forum connected to the conference theme, a perfect opportunity to meet and discuss with organizations in your area of interest.

We are looking forward to meeting you and everyone you bring along to Stockholm!

Your EuSEC 2010 Conference Committee

Sponsoring Opportunities still available!

We already have established cooperation with an impressive list of committed [sponsors](#)! **Thank you very much!**

If you think that your organization should also be represented at EuSEC 2010, please **do not hesitate** and go to <http://www.incose.se/eusec2010/sponsor.htm> to have a look at our attractive sponsor packages, contact asmus.pandikow@incose.org and **sign up now!**

Volunteers wanted!

Are you are planning to attend EUSEC 2010 and would you be willing to help with the technical program?

We are looking for **session chairs** for each of the [paper sessions](#). A session chair will be asked to introduce each speaker, ensure the session runs to time and run the question and answer sessions at the end of each presentation.

If you would like to volunteer for either if these roles, please contact tom.strandberg@incose.org and identify up to three sessions (in order of preference) which you might consider helping with.

Thank you very much!

Please contact us!

About INCOSE

EuSEC 2010 is jointly organized by the Chapters of the Region III (Europe, Africa, Israel, Turkey and Russia) of the International Council on Systems Engineering (INCOSE). INCOSE is an international not-for-profit membership organization, founded to develop and disseminate the interdisciplinary principles and practices that enable the realization of successful systems. For more information about INCOSE, please visit <http://www.incose.org>.
